About Our Company

Perfect Image is a best of class provider in the mid-sized commercial printing market. Founded in 1982 in Marietta, Georgia, we are one of the United States' few and longest-tenured minority-owned and operated commercial printers with an in-house hybrid manufacturing environment offering high-end offset lithography and advanced variable digital printing, including wide format printing capabilities. Our services also include multichannel marketing support solutions and web-based client service and collaboration tools to boost our clients' return on investment. Our clients include educational institutions, nonprofit organizations and small to mid-sized businesses across Georgia and the Southeast, and their partners and associates nationwide.

Always in pursuit of process improvements and outstanding service levels, our employees strive to perform with excellence and exceed the expectations of their roles and improve our overall performance. The Perfect Image 'O' means Outstanding – more than a pressman, more than a sales representative, more than a driver – and ultimately, as a company, more than the tasks we engage at any given moment. Being 'more than' is the genesis of our tagline and how we excel in a competitive industry. Visit our website to learn more: www.perfectimageprinting.com
